

HEAVY DUTY™ MERCURY VAPOR

- COMMERCIAL DUTY
- HIGH EFFICIENCY
- 44,000 UHrs

QUARTZ ARC TUBE -

Withstands high temperature operation and resists chemical attack.

BLENDED FILL GASES -

Special blend of mercury and argon for high efficiency.

METAL - OXIDE ELECTRODES -

Pure wound tungsten with rare earth oxide coating for long life.

NICKEL PLATED STEEL SUPPORTS -

Resist shock and vibration.

PYREX ENVELOPE -

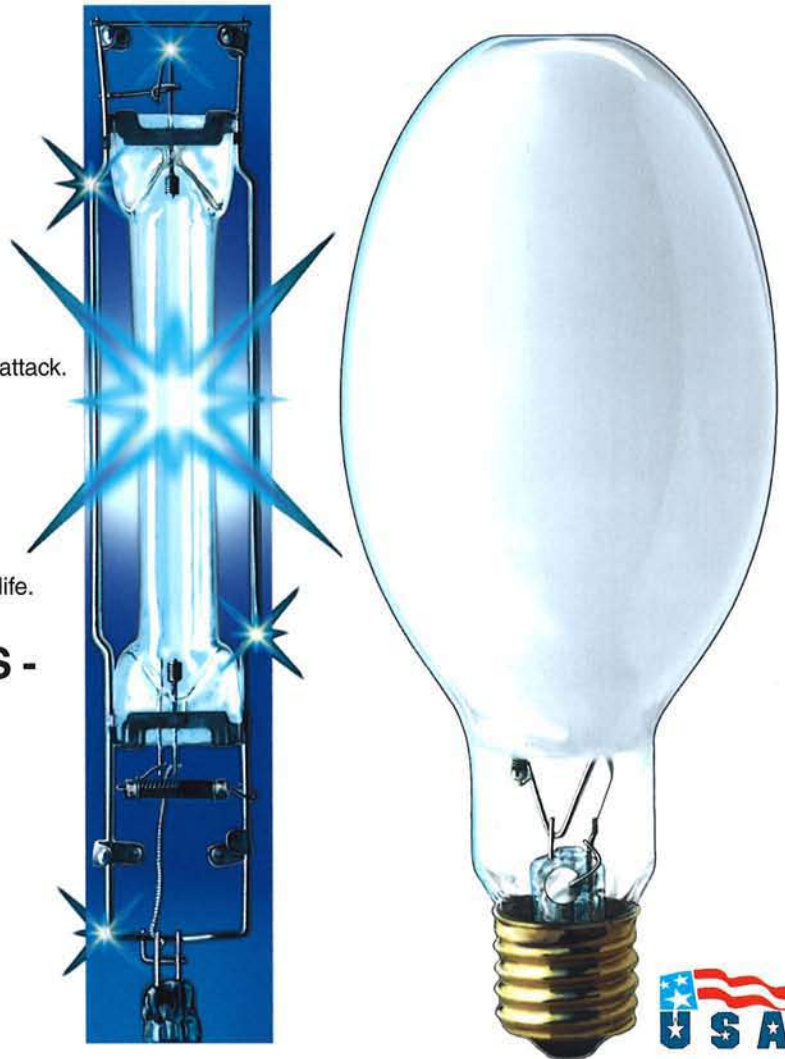

Resists thermal shock.

DELUXE WHITE PHOSPHORS -

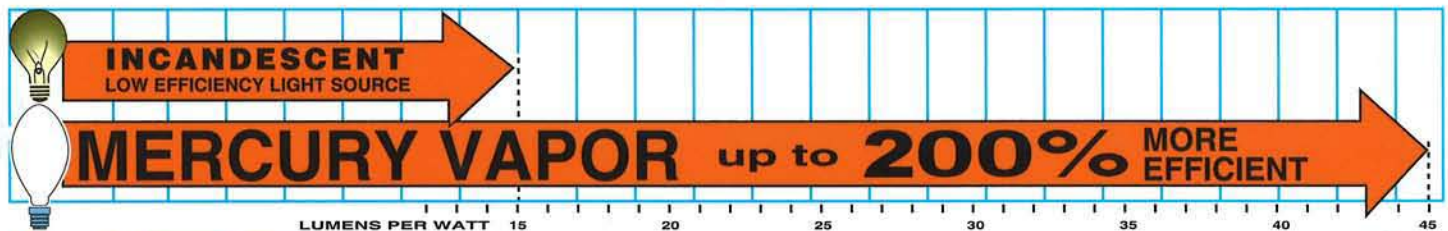

Improved color quality.

NICKEL/BRASS BASE -

Positive electrical contact / resists corrosion.
